# LOBBY BAR

Surrounded in lush greenery with an atmosphere as unique as it is enchanting. Lobby Bar, has been honored by the Forbes Travel Guide as one of its acclaimed 2025 Hotel Star Bars - a distinction awarded to only 58 of the world's most exceptional.

# lilac

Michelin-Starred three years in a row, Lilac's menu is a showcase of renowned Chef John Fraser's authentic interpretation of Mediterranean classics using locally sourced ingredients.

Its newly expanded menu format features both a chef-curated tasting menu—an eight-course guided exploration of Lilac's most refined expressions—and a new à la carte option, designed for guests who wish to create their own culinary journey.

Standout dishes include spice-crusted tuna with chickpea-ramp hummus, pork belly with Spanish octopus and nduja sausage, and scamp grouper a la plancha with eggplant caviar — made all the more memorable with exquisite pairings like Château Cantenac Brown, or Dom Pérignon cocktails crafted tableside.

EDITION's signature bar concept, Punch Room, is an award-winning speakeasy-inspired bar that is offered all over the world at EDITION's hotels. The location at The Tampa EDITION is the first of its kind in North America, and it reflects this in its current menu concept: a journey through the continent's vibrant cultures, starting in the southern reaches of Mexico, and heading northward through the U.S. into the picturesque landscapes of Canada. Its cocktails are crafted with native ingredients — each channeling the spirit of its origin to deliver bold flavors that are as familiar as they are surprising.

Select drinks are available individually or in punch bowls, designed for sharing and savoring.
